

# Oil Lamp

castor

# Oil Lamp

## Description

This product is in partnership with Harnisch Lamps established in 1842. Collaborating with the oldest gas lamp manufacturers in Canada, Castor was able to use Harnisch's knowledge and production methods while stripping the lamps of all ornamentation to a simple cylindrical shape finished in black chrome.

## Finish

Flat black powder coat  
Black chrome

## Materials

Plated brass  
Crystal tube

## Models

**OLP**  
5 in x 5 in x 11.75 in  
(127 mm x 127 mm x 298 mm)  
1.5 lbs (0.7 kg)

## Care

Wipe lamp body with damp cloth. If the wick produces smoke, it is extended too far, generating soot on the glass and exhausting the wick. Use glass cleaner to remove any soot from crystal tube.
